Church Group Sponsors D. P. Family Here

Through the efforts of the social action committee of the Women's Fellowship of the South church a D.P. family from Europe has been established here in Andover.

The social action committee, Mrs. Arthur Covell, Mrs. Myron Clark, Mrs. Harold Howe 2nd., and Mrs. James S. Eastham, voted to sponsor a D.P. family and made arrangements through Dr. Myron Fowell, of Boston, secretary of the Massachusetts Congregational conference, in charge of placement of D.P.'s who have been sponsored by the Congregational churches of the state.

The local committee then inquired about work and a cooperative farmer who was a member of the church, said he would give a job to the father of the family.

Then a long hunt for the house began. After hours of telephoning and with many cooperating, a small tenement was found. Arrangements were made for gas and electricity; plans were made to gather furniture and on Dec. 24 a group of 30 cleaned and prepared the house, gathered furniture and stoves, acquired oil, got two stoves working, and put up window shades.

On Dec. 26 a group worked all day getting food, hanging curtains and completing arrangements.

A plan for converting the area in the rear of the old Shaw property on Main street into a free off-street parking space was outlined by Roy E. Hardy, chairman of the board of assessors, to the members of the Andover board of trade Tuesday night.

The parking problem in the shopping district is one of the projects to be taken up by the new organization in cooperation with the selectmen, who have been making a study of the situation for the past several months.

Mr. Hardy presented two plans that have been prepared by Warren O. Petersen, town engineer. One called for a parking area for 100 cars and the other for 197 cars.

In his discussion of both plans Mr. Hardy made it known that he preferred the plan for 100 cars. Other areas nearer the square are also being considered by the selectmen.

Motorist Pays Fine Of \$45

A fine of \$45 was paid in Lawrence District court Friday by William C. Rock of Chestnut street who was found not guilty of drunkenness but was found guilty of operating while under the influence of liquor.

Officers William Tammany and Warren Maddox testified that about 1:25 a.m., Jan. 5, they observed the automobile driven by the defendant veer sharply to the left while they were in a cruiser going from Shawsheen to Andover square. After this happened twice more they stopped him at Harding and High streets.

They said he was unsteady on his feet and had difficulty in taking his license and registration from his wallet.

The defendant said he had been in Brimfield, where he worked as a carpenter and arrived in Lawrence. He said he had two glasses of beer at a friend's house and was nervous when stopped and not drunk.

Ask Camera Fans To Display "Bests"

Any person who has photography as a hobby is asked to bring in for a library display what he considers to be his "best" picture.

There will be no prizes or judgment, but this will be an opportunity to compare one's own work with that of other local fans. Small pictures, not much larger than 9 X 12 inches, or less, without frames, would be most easily handled, but enlarged and framed "bests" will still be welcome.

Each should have owner's name and address on it and, if possible,

the reason why it seemed a good picture, from the photographer's point of view. If interested, ask about it at the desk, or bring in pictures before the first of February. The display will be from then until the middle of the month.

Your Help Is Needed

The people of Andover are called upon from time to time to give their support to many deserving causes. To their credit it is noted that they seldom fail to respond with the financial assistance necessary.

Through a group of their fellow-townsmen they are now being asked to contribute to a long established local project which has earned for itself a high reputation for the needed and helpful service given to the community, — the visiting nurse.

Once sponsored by the local Red Cross chapter, which was obliged to drop it in June 1950, the responsibility of continuing this activity was assumed by the Andover Service club and operated under the newly-formed Visiting Nurse Association of Andover, Inc.

A drive for funds enabled the nurse, Miss Helen Woodbury, R.N., to carry on her professional services. Since then she made more than 2100 calls in all sorts of weather, supplementing the work of doctors and hospitals.

Now the annual solicitation of funds for the continuance of this work is about to start. Demands for the service are increasing each month to the extent that officials of the association feel that in the near future the visiting nurse will need an assistant.

Many of our citizens have volunteered to help solicit contributions to keep up this excellent work. They are appealing for \$8500, confident that the people of Andover will respond with generous donations to enable them to reach this goal.

The service given by the visiting nurse plays an important part in the health of the community. Will you help?

Take a look at your tax bill and stop calling them "cheap" politicians. — Montana Oil Journal.

Social Security Information

Housewives should ask their maids or other regularly employed household help for their social security account numbers as soon as they are hired. This word of advice comes from Miss Vose, manager of the Lawrence social security office, which serves this area.

"Wages reported without social security numbers — or with incorrect numbers — usually result in loss of wage credits for the employee. Moreover, failure to include the maid's social security number on the wage report may call for follow-up contacts which may be bothersome to her employer," she pointed out. To avoid this, she suggests that the housewife make a permanent record of her maid's social security account number, copying both the name and number directly from her worker's social security card.

Miss Vose said that her office will gladly help cooks, laundresses, yardmen, and other workers in private households, who have never had a social security card, or have lost their original card. If they will come to her office at 202 Broadway they can fill out the application blank right there. If they live at a distance from her office, they can get a blank from the post office and mail it in.

"Ask your employee to show you her card as soon as she receives it," she urges. "Impress on her the importance to her, as well as to you, of showing you her card before you report her wages."

Housewives who have not yet read the little booklet, "Do You Have A Maid?" should get a copy from her office at once.

Leaves Legacy To
Phillips Academy

In the will of Horace Nathaniel Stevens of Plainfield, N. J., a legacy of \$5000 was left to the trustees of Phillips academy, it was disclosed when the document was filed at the Salem registry of probate.

Mr. Stevens, who owned property in North Andover, died July 18. A son, Horace N. Stevens Jr., 27 Bradstreet rd., North Andover, Dr. Merton Lyman Griswold Jr., of Plainfield, and the Plainfield Trust Co., were named co-executors of the will.

In the will Mr. Stevens awarded \$15,000 to the American Unitarian Society of Boston and \$10,000 to the First Unitarian Society of Plainfield.

He bequeathed his realty at 73 Academy rd., North Andover, with personal property appurtenant thereto, to the son, and \$10,000 each to his sisters, Miss Fanny H. Stevens and Mrs. Susan P. Barnhart, both of Plainfield.

Mr. Stevens devised \$15,000 to his son, son-in-law, and a nephew, N. Chisholm Barnhart, in full confidence, he stated, that they will distribute this sum to and among employees of J.P. Stevens and Co., Inc., at its office in New York City.

His homestead in Plainfield was left to his widow, Mrs. Helen Coburn Stevens of that community, for life. Upon her death, the will said, it is to go to two daughters, Miss Helen Coburn Stevens, 2d, and Mrs. Mary Victoria Griswold, both of Plainfield. Household furniture and furnishings, personal effects and automobiles were bequeathed to Mrs. Stevens outright. The son and two daughters were awarded land in Neebing, Ont., while Benjamin B. Lane of Burlington, Vt., a nephew of Mrs. Stevens, was given stock in the Kilburn Street Corp. of Burlington.

Residue of the estate was placed in trust. Half of the property is to be in trust for the widow, and upon her demise the principal is to be distributed as she appoints, the will stated. Trust funds of a sixth each were created for the son and two daughters, and the principal of each fund is to go to their descendants after their deaths.

WILL APPROVED

In probate court at Lawrence Monday the will of Dr. Percy J. Look, formerly of Main street, was allowed by Judge John A. Costello. Dr. Look, who died Dec. 9, 1951, left real estate valued at \$20,000 and personal estate of \$150,000. A son, Robert E. Look, was appointed executor of the will.

Quarterly Meeting Held By Red Cross

The quarterly meeting of Red Cross directors was held Tuesday, Jan. 8, in the town house.

Following the reading and adoption of the regular reports the executive secretary gave a review of the activities of all the services for the three months just past. Noticeable was an acceleration in the work of most groups doing community service for the chapter. More and more Andover people are requesting assistance from the blood program; the case load for service to members of the armed forces and their families grows as more local men are called to service; support for the program at Bedford hospital continues; motor corps is active six days a week; training courses in support of the civil defense program are still being offered, some 80 students at Phillips academy being at present enrolled in a first aid course; and on behalf of all these and other Red Cross responsibilities desk work is being done at headquarters by staff aid volunteers.

Andover chapter's contribution to Red Cross flood relief was reported. This was the first chapter in the section to reach the assigned goal. The request was for \$800 and \$988.14 was collected and sent to the national organization, which has to date spent some \$14 million on flood relief in the mid-west.

Matters related to the approaching fund campaign in March were discussed in detail, with concern expressed by those present that the budget be pared as close as possible without necessitating the reduction or loss of any of the services now being maintained by the chapter.

Mrs. J. J. Tavern reported briefly on the regional home service conference she had attended during the day, held at the Lawrence chapter house.

CHURCH GROUP

SPONSORS D. P.'S HERE

(Continued from Page One)

About 5:30 p.m. word came from New York that the family had arrived, and were due in Boston at 9 p.m.

Two cars and an interpreter were sent to meet them. The interpreter was a German student studying in the U.S.A. for a year under sponsorship of the state department. He happened to be spending the Christmas holidays with one of the South church families.

No member of the D.P. family spoke English but when they arrived it was learned that all were weary and needed sleep. They had been four weeks on the way, two weeks on land before sailing and two on the Atlantic, with some sickness.

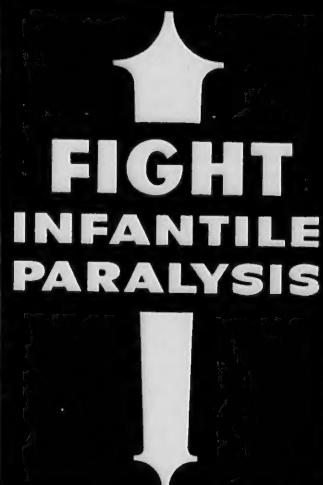

They were taken to their new home and greeted there by the Rev. Frederick B. Noss, pastor of the South church, Mrs. Noss, and Mrs. J.J. Tavern, president of the Women's Fellowship.

That's how Mr. and Mrs. Johannes Todt and his family arrived at Red Spring rd. Now the father and the 18-year-old son are both working on farm jobs. The two young children are learning English at the Indian Ridge school under the supervision of the principal, Miss Kyle, and the mother is keeping house while quickly and cheerfully learning American ways.

lectmen to relieve the parking problem in that section of the town.

Some of the other possible areas mentioned by Mr. Hardy and which have been under consideration, and the names of their owners, are: Park street, James Heifeitz; Bartlet and Chestnut streets, town park; High street, Barnard Estate; Central street, David Burns; Central street, Swift Estate; High street, St. Matthew's lodge; Post Office avenue, James Heifeitz; Park street, Ralph W. Coleman; Post Office avenue, Hewitt & Badger.

The two plans presented at Tuesday night's meeting were discussed by the board members, all of whom are interested in a suitable solution of the problem.

The Shaw property is owned by the town. Mr. Hardy said there are sufficient funds in the parking meter fund to prepare the area in the rear of the property for parking and a special warrant will be presented at the next town meeting to make some provision for using this space.

The Christmas lights were discussed and it was decided to have the lighting committee meet soon to expedite the final collection of contributions to pay for the decorations.

The board also discussed the question of solicitations made by various outside organizations and voted to have the president appoint a committee to make a study of the control of such solicitations and formulate a program which would be binding on all members.

The receipt of membership cards from two more firms was reported by the secretary, Atty. Anna M. Greeley, bringing the membership up to approximately 60 firms. The membership drive is still in progress and more new members are expected to be reported at the subsequent meetings.

TREATED AT HOSPITAL

Three Andover people required treatment at the Lawrence General hospital over the past weekend. All were released following treatment. They were: Mrs. Mabel Raidy, 58 Balmoral st., abrasions on right knee and hand, as the result of a fall; Richard Dangel, 410 Memorial dr., Cambridge, a student at Phillips academy, dislocated left fifth finger, hurt while wrestling; Gerald Burbine, 11 Brechin terr., laceration of his left index finger, caught in a sled while coasting.

If campaign dollars meant votes, what a harvest there would be.

Counterfeit Coin Passed On Dealer

Police are issuing a warning to merchants that a counterfeit 50-cent piece has recently been passed here.

This is the third in about six months, Police Chief George A. Dane said. The most recent counterfeit is a very good imitation. It was passed in the Simeone variety store and not recognized until later.

The coins were forwarded by police to the secret service office at Boston.

AUXILIARY POLICE

A movie on the A-bomb was shown at the meeting of the auxiliary police force in the high school Monday night.

D.A.R. DISCUSSES FLAG ETIQUETTE

(Continued from Page One)

permits the flags of other nations to be flown alongside the U.S. flag as a matter of international courtesy. Such practice has been observed for many years.

If it becomes a law it will violate the United Nations flag code which states that the U.N. flag should be flown at a level equal to that of national flags.

The senate sub-committee added an amendment to S. 2039 to read: "A bill to prohibit the display of flags of international organizations in equal or superior prominence or honor to the flag of the United States except under specified circumstances and for other purposes."

It is the latter part of this amendment that the D.A.R. opposes.

A motion made by Senator Benton (D. Conn.) to reconsider the vote was passed and this will be taken up with the present congress.

Mrs. Howe urged members to write their senators to defeat the amendment and adopt the original bill.

Town Republican Committee Meets

A meeting of the Town Republican committee of Andover, Vincent F. Stulgis chairman, was held Jan. 11 to discuss a new law which allows 35 members on the committee.

It was voted to notify the secretary of state and the state committee that Andover would have the required 35 named on the ballot for the presidential primaries.

A sub-committee made up of Oliver Houghton, Randolph Perry, Philip K. Allen and Atty. Stulgis was appointed to meet Friday night, Jan. 18 to screen the candidates for the additional members of the town committee.

They will be reported at a meeting of the whole committee which will meet Jan. 25.

At the recent meeting Miss Emily Bullock was chosen vice chairman in place of Mrs. P. K. Allen who resigned.

RED CROSS PLANS FOR MARCH DRIVE

(Continued from Page One)

secretary, and Mrs. Harold A. Johnson, residential.

Also represented at the meeting were the Amesbury, Danvers, Gloucester, Methuen, Marblehead, Peabody, Newburyport, Rockport, Stoneham and Wakefield chapters.

Additional courses in first aid are now in process of organization at Phillips academy. Some 80 students from the two upper classes will be trained; Kenneth Minard, Francis McCarthy, Harper Follansbee, and Simeon Hyde Jr., will serve as instructors. These trainees will be prepared to assist in the care of refugees in case the school should be selected as a receiving center in a disaster situation handled by civil defense.

Mrs. Alvin Zink Jr., nursing enrollment chairman, and Miss Helen Woodbury, home nursing chairman, consulted with Mrs. Sarah Woodworth, regional nursing field representative, during her recent visit to Andover Red Cross headquarters. A need is felt to have two or three more registered nurses train as home nursing instructors during this spring. Nurses willing to serve the community in this way are urged to call Red Cross headquarters.

Blood collections all over the country are improving, but are still not adequate for the needs of the armed forces and the civilian program. The department of defense reimburses Red Cross for the expense involved in the collection of blood for needs, while Red Cross bears the entire cost of the civilian program. And in both situations the blood itself is the free and generous gift of healthy Americans to those who need it.

Ten people hurry to catch up where one hurries to get ahead.

Couple Injured In Auto Accident

James F. O'Neil 45, and Agnes O'Neil, 43, 622 Andover st., Lawrence, were seriously injured on South Main street Wednesday morning when an automobile in which they were riding skidded, crossed the road, and struck a parked truck.

The injured couple were taken in the fire department ambulance to the Lawrence General hospital for treatment. According to a report made by state troopers from the Andover barracks who investigated, the O'Neil car was going south when it struck an icy spot about 7:50 a.m. The car skidded across the road and into a truck operated by Arthur T. Hartnett of Dorchester, which was parked on the east side of the north lane. The Lawrence couple suffered lacerations and possible skull fractures.

Christmas Lighting Fixtures Removed

The Christmas lights that adorned the business area during the recent holidays have been removed by the Legasse Amusement Co., of Haverhill.

Strung across Main street and Elm square since Thanksgiving eve the lights each evening added their color and brightness to the town's shopping center.
